

# TU, Polyurethane Tubing, Metric Size

## TU1610C-20

### Datasheet

Series TU tubing represents a new high quality standard in metric size polyurethane tubing. Series TUH, hard polyurethane tubing, is available in a standard or high pressure type and TUS is a soft polyurethane tubing.

|                                  |  |
|----------------------------------|--|
| Size                             | 1610 (O.D. Ø16, I.D. Ø10)                  |
| Color                            | C (Clear)                                  |
| Roll Length                      | 20 m                                       |
| Reel Length                      | None                                       |
| Suffix                           | None                                       |
| Pressure medium                  | Air, Water                                 |
| Maximum ambient temperature      | 60 °C / 40 °C for Water                    |
| Minimum ambient temperature      | -20 °C (with no freezing) / 0 °C for Water |
| Numero of pneumatic connections  | 2 pcs.                                     |
| Max. operating pressure at 20 °C | 0.8 MPa                                    |
| Weight                           | 3.010 Kg                                   |
